

Congratulations on your purchase of the AWE Tuning Exhaust System for the 03-> Audi S4 sedan, avant, and cabrio.

Exquisite build quality with industry leading performance distinguishes this exhaust system from all others.

**Installation of this exhaust system is very straight forward.**

1. Remove the OEM exhaust system.
2. Installation of the AWE exhaust is reverse of OEM removal. The AWE exhaust reuses the factory sleeve clamps that attach the exhaust to the downpipes.

**Install the enclosed 2.25" band clamps at the slip joints halfway along the length of the center resonator/straight pipe section.**

3. Note that there are several adjustment points on the AWE exhaust to ensure proper fitment. Also note that the factory exhaust hangers are also adjustable with slotted bolt holes to allow further adjustments. Adjustment points on the AWE exhaust system are at arrows in Figure 1.

**When installing system FIRST: align the tips properly in the exhaust valence openings, and then tighten down enclosed 3/8" hardware at Arrow A in Figure 1.** After tightening this hardware, go back and tighten the mid pipe to rear muffler flange bolts

**Then install the enclosed 12mm hose clamps on the rear muffler hanger posts to prevent the system from moving left or right.**

4. Each rear tip is rotationally adjustable to ensure that the AWE Tuning logo remains centered when the exhaust is installed, and also length adjustable to accommodate various aftermarket bumpers.

**When adjusting the length of the tips, make sure that the tip and tailpipe of the muffler overlap at least the width of the 3" tube clamp** (arrow in Figure 2). *This overlap is very important to ensure that the clamp has enough surface area to tighten down to in order to keep the tip from falling off while driving!*

**Parts list:**

- 1 center resonator/straight pipe section (depending on loudness version ordered)
- 2 center section to rear muffler section flange gasket
- 4 7/16 bolt, nut, washer for center section to rear muffler flanges
- 2 rear muffler section
- 1 3/8 bolt, nut, washer for rear mufflers cross bracket
- 2 2.25" band clamp
- 2 3" T-bolt clamp (B6 S4 only)
- 4 2.25" T-bolt clamp (Quad Tip only)
- 2 exhaust tip (B6 S4 only)
- 4 exhaust tip (Quad Tip only)
- 2 12mm hose clamp

Thank you for choosing A.W.E. Tuning as your performance automotive parts supplier. Please remember that a performance car is only as strong as its weakest link. Therefore, it is vital that you maintain your vehicle to factory specifications.

**By installing or using the purchased product, the Consumer accepts this warranty and any specific Manufacturer warranties enclosed.**

### ***Limited Warranty***

The following warranty is valid only in the United States.

The Manufacturer's full warranty applies to all products sold.

Secor Ltd. (A.W.E. Tuning) warrants to the original retail purchaser (Consumer) this product (03-> Audi S4 Sedan/Cabrio Cat Back Exhaust System) against defects for LIFETIME.

Upon verification of warranty coverage, A.W.E. Tuning will repair or replace the defective product at their discretion, without charge. This is the only remedy the Consumer has for any loss or damage, however arising, due to nonconformity in or defect of the product. This warranty does not cover consequential damage, loss of time or revenues, inconvenience, loss of use of vehicle, damage to the vehicle or components, or other incidental or indirect damage.

All warranties are void if the product was not installed by a certified auto mechanic, improperly serviced, modified, or used in a way not intended by the Manufacturer. Use of product in Motorsports or Racing conditions is grounds for warranty denial. Motorsports and Racing is an inherently abusive operational condition, and it is impossible to warranty for this type of usage.

The Consumer is responsible for ensuring that the product is installed in a safe and proper manner, and should cease usage of the product immediately if an unsafe or improper condition is noted. If an unsafe or improper condition is noted, the Consumer should then immediately contact the facility where the product was installed or A.W.E. Tuning directly.

Please contact the original place of purchase for any warranty claims or explanations of this document.
