

Congratulations on your purchase of an AWE Tuning Exhaust System.

Exquisite build quality with industry leading performance distinguishes this exhaust system from all others. Our system also features extensive adjustability to ensure proper fit.

Parts list:

- 1 front resonator section
- 1 midmuffler inlet pipe
- 1 midmuffler section
- 1 midmuffler outlet pipe
- 1 tailpipe section with exhaust tips
- 4 band clamp

Installation of this exhaust system is very straight forward.

1. Remove the OEM exhaust system. On the VW Jetta, this requires cutting the OEM system at the bend before the rear axle beam.
2. Installation of the AWE Tuning exhaust is reverse of OEM removal.
3. Note that each tubing slip joint is an adjustment point on the AWE Tuning exhaust to ensure proper fitment. Also note that the factory exhaust hangers are also adjustable with slotted bolt holes to allow further adjustments. Resuse the factory sleeve clamp to attach our catback to the factory downpipe. See Figure 1.

Thank you for choosing A.W.E. Tuning as your performance automotive parts supplier. Please remember that a performance car is only as strong as its weakest link. Therefore, it is vital that you maintain your vehicle to factory specifications.

By installing or using the purchased product, the Consumer accepts this warranty and any specific Manufacturer warranties enclosed.

Limited Warranty

The following warranty is valid only in the United States.

The Manufacturer's full warranty applies to all products sold.

Secor Ltd. (A.W.E. Tuning) warrants to the original retail purchaser (Consumer) this product for 1 year against manufacturing defects.

Upon verification of warranty coverage, A.W.E. Tuning will repair or replace the defective product at their discretion, without charge. This is the only remedy the Consumer has for any loss or damage, however arising, due to nonconformity in or defect of the product. This warranty does not cover consequential damage, loss of time or revenues, inconvenience, loss of use of vehicle, damage to the vehicle or components, or other incidental or indirect damage.

All warranties are void if the product was not installed by a certified auto mechanic, improperly serviced, modified, or used in a way not intended by the Manufacturer. Use of product in Motorsports or Racing conditions is grounds for warranty denial. Motorsports and Racing is an inherently abusive operational condition, and it is impossible to warranty for this type of usage.

The Consumer is responsible for ensuring that the product is installed in a safe and proper manner, and should cease usage of the product immediately if an unsafe or improper condition is noted. If an unsafe or improper condition is noted, the Consumer should then immediately contact the facility where the product was installed or A.W.E. Tuning directly.

Please contact the original place of purchase for any warranty claims or explanations of this document.
